Gentlemen! The Gadgets!

Lovely woman has lately taken to wearing all manner of slacks, shorts and jackets, from coveralls patterned in color and style after a garage mechanic's working clothes to the canvas "beer jackets" once sacred to the seniors of an Eastern college for men.

Further evidence of her marauding nature came to light at the National Inventors Congress in New York, where it was announced that more than 11 per cent of the new inventions have been developed by women. Most of these, as might be expected, have to do with the concerns of women—such as a "magic powder puff," a hot water bottle beauty mask, a device for winding yarn and one for making artificial dimples.

A woman who spoke at the congress, which discusses invention and patent rights, said that she and her sisters do not want to be called "nut" inventors. They want to be in a class by themselves, as "gadgets," a remark which classifies the fruit of their brains and announces the advent of a new school of specialists.

Premium on Manners

In recognition of their good manners, 444 Boston school children have each been given an award of \$5. The school principal said that the awards were based not only on courtesy and good manners, but on honesty, friendliness and good character.

It is nice to know that mannerly children are being rewarded. But it is a commentary on our civilization when, by implication, good manners are the exception rather than the rule, and when a public school is the place where they are encouraged.

The qualities which this Boston school recognizes in the children are those which contribute largely to pleasant and profitable living: Good manners, courtesy and friendliness, are not frills. They are fundamentals. They are an expression of the Golden Rule and a practical demonstration of the simple art of being kind which, as the old world knew, is what the world needs.

VANDER SLUIS STARTS SUNDAY SCHOOL CONVENTION CHORUS

The music at the Ottawa County Sunday School convention to be held Oct. 5 and 6 at Memorial Chapel will be one of the outstanding events. Mr. Vander Sluis has already enlisted 150 of the leading voices of Holland to give several numbers on Wednesday evening. The Melody Men of Zeeland, a chorus of 20 voices will sing on Tuesday evening. This will be 50 years since the organization of the Ottawa County S. S. Association. Mr. Geo. Schulling is the president.

POLICE AND FIRE BOARD ELIMINATE ONE FEATURE IN RULES

At a meeting of the Holland Police and Fire Commissioners held in the City Hall, Cornelius Huizenga presided, and the rule that was objectionable to the common council and voted down, was gone into by the Board, and was unanimously decided to eliminate rule four of Chief Blom's regulations embracing that feature where the drivers of the fire department are to make fire inspections as designated by Chief Blom. It is understood that this rule does not conform with a city ordinance, where it says that fire inspection work must be done by the fire chief, and not by the drivers. The fire commissioners and the city inspector, and not by the drivers. Commissioner John Donnelly made a motion that this rule be defeated so there will be no rule contrary to our city laws.

Chief Blom, when questioned, said that although he had studied the ordinance, he did not know that his regulations, rule number four, would conflict in any way with the ordinance. When this was evident, all agreed to abide by the city ordinance, the interpretation of Section 17, Ordinance 16, as this relates to fire inspection.

Chief Blom stated, in an interview, that this inspection would never have been a burden to any of the drivers. In the first place, the inspection is not long enough—only a few hours; and it is not at frequent intervals, and is largely a matter of becoming acquainted with places in the city where there are fire hazards. He felt that firemen, drivers and everyone connected with the fire department should be acquainted with certain conditions as a precautionary measure should fire start in hazardous places. He stated that in Holland we were doing no more than is being done in every city of any size. He didn't argue the question further, but stated that he would abide by the ordinance and by the request of the Board.

The Board deferred action in regard to making West 8th St. from River Ave. west to Lake St., a through street as recommended by the common council.

Chief Van Ry, who was present, stated that the new traffic ordinance, now effective, repealed the old ordinance and that under the new ordinance a through street could not be created unless the Police Board or common council should pass a resolution to that effect.

It was contended by the commissioners that such an emergency does exist, and that the "Slow" signs and other methods might serve the purpose for the present in the hope that motorists would heed these signals. Mr. Kamferbeek moved that the matter be deferred for the present.

The matter of approving streets for angle parking as provided for under provisions of the new traffic ordinance was referred to the committee on traffic to meet with Police Chief Van Ry. Their recommendations will be presented to council for approval. Such a motion was presented by Commissioner Donnelly and seconded by Commissioner Kamferbeek. Chief Van Ry informed board members that this matter should be given immediate consideration. At the same time Commissioner Donnelly requested the committee to give consideration to parking about churches in Holland.

A report was made that signs, warning of a traffic light ahead, had been placed on River Ave. near 14th St. and that several complaints had been made in that the signs were too close to the light and could not be seen when automobiles were parked nearby. Mayor or Henry Goerlings informed board members that results were being obtained from installation of the signs. However, it was agreed that the signs should be changed and it was decided to have them placed at the intersections of 13th St. and River Ave., and 15th St. and River Ave. where they could not be hidden from view by parked automobiles.

THIS IS GULL SEASON AND GULLS FEED WELL

Gulls of the Great Lakes get their treat of the year during the sailing races from Port Huron to Mackinac. They quit the wakes of the freighters and passenger ships to "follow the fleet" and one of the diversions of Mackinac racing, during calm, is feeding gulls. Because as a carrion-eater the gull keeps the waters clean, he is protected by law in all seasons. There are 53 species of gulls in the world. They range in size from that of a pigeon to that of a goose. Pure white below and pearl gray above is the prevailing color. Gulls walk with ease and swim well but are incapable of diving.

BEARS LIKE PIG FEED BETTER THAN PIGS

The old notion that a pig is preferred food to a black bear hardly holds up in view of what's been happening at Pigeon River OCC camp near Gaylord, Mich. Several bears have made a rendezvous of a pig pen near camp and not only ignore the pigs but cuff them aside so as to monopolize the trough. The bears are reported to have been visiting the place regularly, more often at night, and actually climb into the pen. No casualties have appeared among the pigs, which either retreat to a safe corner or get cuffed away by the bears head for the camp refuse. The pen is maintained by one of the camp enrollees. Black bears seem numerous in the Pigeon River State forest region. One member of the Pigeon River Camp reported seeing five black bears in one day, including a she-bear and two cubs.

Frank Visser, 40, of Grand Rapids was severely injured when he fell from a ladder while at work on a building in a local plant. Visser, employed by the Hall Electric Co., fell while installing some equipment. He was removed to Holland hospital, where it was found he suffered a fractured right heel, a chipped vertebra and an injured left foot.

AMERICAN LEGION NEWS

The next regular meeting of the Post will be held on Wednesday, August 25th, at Port Sheldon. As before, supper will be served at 5:00 per plate at 7:00 o'clock. There will be soft ball games, horse shoes and swimming. This meeting will fall on our regular meeting night and all members are urged to be present. Cars will leave the corner of 8th St. and River Ave. any time until 6:30 p. m.

Anticipation is not always more than realization. Commander Van Tongeren entertained the winners of last year's membership campaign at a supper at his summer home on Lake Michigan. A horse shoe tournament was staged on the beach before supper and cards after supper. And the supper itself put any Armistice Banquet in the background.

The Holland American Legion band presented a concert, Thursday afternoon, at the United States Coast Guard fete, in Grand Haven, which closed their Thursday night after a three-day program. Harold Karsten is president of the band.

NEW GRONINGEN SCHOOL HOLDS PICNIC

The reunion of the New Groningen school is scheduled to be held on Thursday, August 12, in the Lawrence St. Park, Zeeland. The activities of this year's reunion have been somewhat changed in that the program will be given promptly at two o'clock in the afternoon, with music, dialogue, and a speaker.

This will be followed by a visiting hour in which old acquaintances will be renewed. Supper at 5:00 o'clock.

After supper a program of sports has been arranged, to be followed by another program of entertainment.

The evening program has been arranged to allow for those who find it impossible to attend during the afternoon to meet their old friends and enjoy the reunion with them.

ZEELAND GARDEN CLUB HOLDS MEETING TODAY

The Zeeland Garden Club will hold its next meeting this Friday afternoon, Aug. 6th, at the home of Miss Edna Brandt, Mrs. Wm. Oosterveen, 1115 E. 8th St. The program will read a paper on "Bulbs for Fall Planting" and a part of the afternoon will be spent on educational table games. Members are asked to take note of the fact that this meeting is placed a week in advance of the date scheduled in the year-book.

Zeeland's common council members in session Monday night voted to increase the speed limit along Washington St., which is used as M-21 in passing through the city, from 20 miles per hour to 25 miles per hour. A request for the increased speed limit was presented to council by Dr. George J. Broodman, Grand Rapids dentist, in the form of a letter. Upon advisement of Police Chief Fred Bosma, the council took the matter under consideration and voted the speed increase, 5 to 1. Alderman Peter Brill casting the opposing vote. In the same motion, alder-

men approved the purchase of signs to be installed along the highway, setting out the speed limits. The matter was referred to the public property committee to carry out purchase of the necessary signs. Regarding the matter of paving Wall Sts., Lincoln St. from State to Wall Sts., and one block of North Church St. from Washington to Main Sts., Supt. G. P. Rooks reported that he would meet with property owners on these streets during the present week to discuss the placing of the pavement. The council went on record as wishing to carry out the paving on an 85-15 basis, the city paving 15 per cent of the costs. The curbing and gutters have been installed as WPA projects. Considerable discussion arose over the matter of canteen service at the city park. Alderman P. Karsten raised the question as to whether Gladys Moordvike and Zelma Hendricks should be required to vacate the building after it had been brought out that they were not in favor of co-operating with various church groups wanting to use the canteen. In proceeding the case, Attorney J. N. Clark stated that the operators did not have to move from the canteen as there was no provision in the lease but he expressed an opinion that a city church organization could operate a canteen in the building but not in the same location as the one operated by the two women.

Miss Elaine Becher went to Zeeland, Sunday, to visit Miss Ethel Brower until Wednesday. Nature Begins Retrenching During August

Different Re-Acting from June in August can be Noticed

When you go afield in August, you get a different reaction than when you look at nature in June. That is because the impetuous advance of the wild things has been checked. Mother nature is beginning to take stock of herself. The winter months are not far away. In the fields, hard-stemmed flowers of late summer and autumn are beginning to replace those earlier blossoms of pale color and juicy stems. Now you will find goldenrod, chloory, Queen Anne's lace and Joe Pye weed. Later in the month, the asters will begin to bloom along with the blue gentian and the bottle gentian, most beautiful of the late summer flowers. In the swamps, you should find the cardinal flower in red and its sister, the spiked lobelia, in blue. On the ponds and lakes, the lilies are in full bloom.

Look at the birds and you will find a great difference in behavior. Most of the birds have finished their nesting. Even the second broods have taken wing and are on their own. The chorus of song is stilled, for it is the time of the moult and the birds do not want to call attention to themselves. Perhaps the birds are ashamed of their ragged plumage. Before the month is over, many birds will unite in flocks, preparatory for the southward journey. Some seem to feel the urge of sight-seeing before leaving for the South, and make northern excursions in August. In the last couple of years, the American egret has been especially noticed to do this. Purple martins begin to gather in ever-increasing flocks, roosting in tall trees at night. It is one of the first swallows to go south, and by the first of September has usually left Michigan. Blackburnian warblers, most brilliant of their tribe, begin to move southward this month, but many will linger into September.

If the birds are on their own this is scarcely true of the furred animals. They are still traveling with their parents, learning the technique of wresting a livelihood from the wild.

MILLION COPIES OF GAME LAWS PRINTED

One million copies of the 1937-38 digest of game and hunting laws are to be printed this summer and distributed before the fall hunting season. The booklet has been revised by the department of conservation to include the many changes in laws and regulations made by the legislature and the copy is now in the hands of the state printer.

FORMER HOLLAND WOMAN DIES AT HER SUMMER HOME

Relatives of Mrs. Robert A. Bauld from Holland were called to Douglas hurriedly because of her death Monday at her summer home in that resort village, where she has spent the summers for more than a decade. Despite her illness of three weeks her condition was not considered serious and death was entirely unexpected.

Mrs. Bauld was formerly Miss Anna Sprietsma, one of Holland's most popular girls some years ago, daughter of the pioneer family of Simon Sprietsma. She received her fundamental education in Holland and was graduated from Holland High School. Early in life it was noticeable that Mrs. Bauld possessed a beautiful singing voice, and whenever possible she cultivated this lyric soprano and studied under some eminent artist in voice training.

Mrs. Bauld's ability as an artist was soon well known and she was called upon often to participate in recitals, home talents, church programs, oratorios and church choruses. She never failed to take part in these and gave of her talent liberally. Repeatedly she was asked to sing in neighboring cities and whenever possible also contributed to out-of-town programs. The quality of Mrs. Bauld's voice was unusual, the tone was clear, the enunciation unusually distinct, and the range exceptional.

Several years ago she met Mr. Robert Bauld and they were wed and first lived in the city of Detroit. From there they made their home in Chicago. In the latter city she was very active in club life, but also found enough time to do a great deal for her church, contributing of her talents as she did when she was in Holland. She was at one time treasurer of the Austin Woman's club and treasurer of the West Suburban Free Red Guild. Her personality and beauty made her a forceful figure in her many constructive activities.

The Sprietsma family were pioneer shoe dealers in this city and for a half century conducted an emporium on West 8th St., now occupied by John Pieper, optometrist. This building has always been known as the Sprietsma building, which replaced a wooden structure where the grandfather, father and brothers of Mrs. Bauld were engaged in that line of trade. Nicholas Sprietsma, one time city treasurer and now county treasurer, was the last to follow the shoe business in that building.

The remains of Mrs. Bauld were taken from Douglas to Chicago for cremation and funeral services were held Wednesday at the Kamp Funeral Home. Relatives of Mrs. Bauld attended the services.

Mrs. Bauld, at the time of her death, was fifty-two years of age. The survivors are the husband, an electrical engineer of nationwide reputation, who is employed by the City of Chicago; Luke Sprietsma of Chicago; Gerrit and Nicholas Sprietsma of Holland; Mrs. Henry De Koch of De Motte, Ind.; Mrs. W. G. Van Dyke of Madison, Wis.; Mrs. B. M. Flikema of Preston, Minn.; Mrs. Joseph Koiker and Miss Gertrude Sprietsma of Holland.

Mr. and Mrs. Marvin C. Lindeman and children, Donne and Barbara, are spending the month of August at their cottage at Macatawa.

Council Notes

(Continued from Page One)

street where the intersection of Lincoln Ave. and 12th St. would be. The matter was referred to the Street Committee.

Complaint was made that East 12th St. had become very rough and property owners wanted to know whether something could not be done to smooth out the wrinkles. City Engineer Zuidema stated that the only thing that could be done was to re-pave the street.

There were a half dozen members of the Park and Cemetery crew present, who asked the common council for a week's vacation with pay at some time when it was not so busy. They would divide their work among them so there would be no expense to the city. Ald. Kleis spoke in behalf of the employees. Then the matter was brought up by Ald. Prins that in that case all departments of the city should be given a vacation of a week on the same basis. Ald. Smith pointed out that in the Board of Public Works arrangements were made that all employees who had been employed for one year should receive one week with pay, and those who had been employed five years, two weeks with pay. The aldermen then decided unanimously that not only the park employees, but other city departments insaurate that plan. After the vote was cast the park crew present arose and gave the "city fathers" a hearty hand-clap.

The Church Committee, the Ways and Means Committee and the Welfare Committee will look into the case of Fred Woodruff, a city employee, who must be sent to Mayo Hospital for the treatment of his leg. Mr. Woodruff has been able to work and was self-sustaining until his leg became worse. Ald. Kalkman stated that Mayo Hospital would cure him if he was only given a little help. At a meeting of these different units mentioned above it will be discussed what can be done.

ZONING LAWS REMAIN THE SAME

Governor Murphy's veto of the Steele bill did away with a measure that would have been a problem to almost every municipality in the state and the city commission is to be commended for its share in bringing about the governor's veto, thus keeping local zoning laws intact.

The bill would have empowered associations numbering 25 per cent of a community's property owners to lay down zoning restrictions for a given area. These restrictions would have been enforceable by municipal authority and would have included condemnation power. It would have permitted "home rule within home rule," since under provisions of the bill the interests of a small group of property owners would be served, though frequently detrimental to the community as a whole.

Zoning laws are enough of a problem without interference by state legislators. The governor has recognized by his veto the line that should divide local from state powers.

Homes of Nesting Birds are Fascinating to Find

SOME EASY, SOME HARD

One of the most fascinating discoveries in late May or early June is that of a bird nest, either on the ground or high up in the trees. Such discoveries will enable you to answer many questions about birds first hand, such as: how large is the nest, what is it apparently made of, how is it constructed, how many eggs are there, what color are they, and numerous others.

The easiest nests to find, of course, are those of the ground-nesting birds. Along the edge of the farmer's potato patch you will find the shiftless nest of the killdeer. It is nothing but a hollow in the ground, lined with a few twigs and filled with pear-shaped spotted eggs enormously large for a bird as small as that. Should you visit various islands in Saginaw Bay, or Lake Michigan, you will find the nests of terns and gulls by the hundreds along the water's edge. If there is a marsh near by, you will find the nests of ducks and sometimes even geese, all built on the ground.

Our game birds all nest on the ground. Pheasants and quail are likely to pick the edge of a farmer's field or even the shoulder of the highway to lay their eggs. Grouse, prairie chickens and woodcock prefer to nest on the edge of the woods, often at the base of a tree.

It is among the songbirds that we find some of the most interesting developments in nest building. The robin is the most common and its nests are even more common than the number of these birds would warrant. That is because the robin is very erratic about its nest building. Often it may build several before it locates exactly at the spot it wants when the female is ready to lay eggs.

Most ornate of all the bird nests is that of the oriole, which builds a suspended hammock-like home for its hatching young. The vireo builds a shorter nest, more closely attached to the branches, but suspended like that of the oriole. This has caused people to call the vireo "little hang-nest."

Some birds use snakeskins in the construction of their nests, but there is no evidence to support the idea that these skins are used to frighten away predatory animals. Recently, when cellophane has become common, such birds as the flycatcher have accepted this new material readily in place of cast-off snakeskins.

The Beef-Eaters Lose

At last pork has ousted beef as the principal meat consumed in Canada, according to the Dominion Bureau of Statistics at Ottawa. Canadian consumption of beef and veal dropped from 723,679,000 pounds in 1935 to 665,390,000 pounds in 1936, while the consumption of pork jumped from 678,070,000 pounds in 1935 to 748,005,000 pounds last year.

Why this shift from beef to pork in Canada has come about is not explained in Ottawa dispatches, but it has followed a similar trend observable in the United States for many years.

The average American in 1907, for example, ate 77.5 pounds of beef and 7.4 pounds of veal, a total of 84.9 pounds of beef and veal, and only 67.7 pounds of pork.

A quarter of a century later he ate 72.2 pounds of pork, and only 47.4 pounds of beef and 6.8 pounds of veal.

The consumption of mutton and lamb in this country increased in the same period from 6.4 pounds per capita to 7.0 pounds.

The latest official figures on meat consumption in the United States are those for 1932, which show that Americans then averaged 133.4 pounds of meat a year.

The Canadian figures for 1936 show that last year, for each unit of population, there was consumed in the Dominion 134.10 pounds of meat of all kinds.

A variety of factors might be cited to explain why both Canadians and Americans are eating more pork and less beef.

The closeness of the per capita consumption of all meats in the two countries is obviously due to similarity of economic conditions and social customs.

Ernest Kronemeyer, 28, son of Mr. and Mrs. John G. Kronemeyer, residing on M-40, two miles north of Hamilton, died at the home of his parents, at 7:50 p. m., Wednesday. His death is believed to have been caused from shock resulting from the death of his younger brother, Louis Kronemeyer, 18, who suffered fatal injuries last March 19 when struck by an automobile near his home. Mr. Kronemeyer has been in ailing health for several years but his condition became worse after the death of his brother. He was able to be up and around his home Tuesday but his condition took a sudden turn for the worse yesterday morning. He had been suffering from a heart ailment. The deceased was well known in Holland, where he attended school, graduating from Holland high school a number of years ago and attending Hope college for two years. While attending college he was employed by his brother, Ray Kronemeyer, and operated a press shop. Mr. Kronemeyer also spent four winters in Phoenix, Ariz., returning here for the summer. He was born in Hamilton Dec. 11, 1908, to John G. and Gertrude Brinkman Kronemeyer. He was a member of First Reformed church of Hamilton. Besides the parents, he is survived by four brothers, Ray, rural route No. 2, Holland; Howard of Grand Rapids, Morris of Holland and Harvey at home; and one sister, Miss Viola at home. Private funeral services will be conducted Saturday at 1:30 p. m. at the home and will be followed by formal services at 2 p. m. at First Reformed church in Hamilton, with the Rev. H. Van't Kerkhof, pastor, in charge, with burial in the Hamilton cemetery.

John Van Tatenhove of the French Cloak Store returned from Chicago today where he has been on a buying trip for Fall goods.

Holland Man Heads Farmer's Insurance Co.

MUTUAL CO. HAS ENJOYED VERY SUCCESSFUL BUSINESS OVER THREE DECADES

The Farmers' Mutual Fire Insurance Co. can boast of 30 years of successful business and Oct. 19 is the anniversary of this event and on that day without doubt the company will have a renewal of its charter for the privilege of doing business in this section for another thirty years.

The company was organized in Zeeland, Holland and vicinity thirty years ago for mutual protection against fire and lightning by a group of farmers, many of which charter members are still living and carrying insurance with the company, chief among whom is Mr. G. J. Veldman of Holland, president of the company. The primary work of the company falls in a measure upon the secretary-treasurer, which office is now held by Zeeland's Mayor, Mr. Gerrit Yntema. The first secretary-treasurer, elected at the time of its organization was the late Henry Bosch of Zutphen. Others filling the position since that day were the late John G. Brower of North Holland, and the late Albert H. Bosch of Jamestown.

Since its organization the company has done an ever increasing business, so that today its policy holders number about five thousand and the amount of risks approach 18 million dollars. Its total in losses sustained during the last calendar year was nearly \$48,000 paid without delay while it carries a net balance of about that sum.

Its board of directors is composed of the following personnel: G. J. Veldman, Holland, president; Gerrit Yntema, Zeeland, secretary-treasurer; A. H. Schrotenboer, Holland, G. J. Brower, Hamilton, H. F. Knoper, Allendale, Albert Scholten, Holland, John Freeman, Jamestown, George F. Brower, North Holland, Fred Berens, Blendon, Alexander Klooster, Jamestown, Cornelius C. Zeerip, North Holland, Luther Mulder, Polkton, Fred Engel, Door, and Marinus De Klein, Drenthe, directors.

At the meeting of the board of directors held at the secretary's office in the Zeeland State Bank building recently held, a resolution was adopted applying to the Michigan Commissioner of Insurance for the extension of its charter for another period of thirty years, which grant will be made without question.

HEN GOES TO DOGS! PUPS WON'T EAT CORN

An indiscriminating hen went to the doghouse—to tend a litter of seven pups. Attendants at the Elizabeth Cuddyback farm Ganesville N. Y. reported the hen drove a mother dog away from her newborn litter. She lets the dog come back at feeding time but between meals tries to teach the pups to eat cracked corn and wheat.

HOLLAND FOLK ATTEND CEMETERY CONVENTION

August 9 the Michigan Cemetery Convention is to be held at Ann Arbor according to invitations sent out by Roy Hatton. The convention is to hold meetings throughout the day and men of national importance are on the speaking program. Luncheon is to be held at the Michigan Union Club, and many interesting features including cemetery lot selling and insurance are to be discussed. Cemetery landscaping, perpetual care and many subjects of that nature pertaining to cemeteries will also be discussed.

Those from Holland who are to attend are Charles and Fred Hollowell, George Eby, Mr. Fink, Willard De Cook, and Charles Van Zylten. These men are identified with the Restlawn Memorial Park project, where the "Singing Tower" has recently been dedicated.

One of Holland's early settlers, Jelte Reidsema, 83, died late Wednesday afternoon at his home, 52 West 11th St., after a week's illness. He was born in Holland Dec. 10, 1853 and was employed by the Cappon-Bertsch Leather Co. for many years. He was a charter member of Fourth Reformed church, helped in the church's organization and served several years in the consistory. On May 16, 1877, he married Christine Groenrood. She died May 3, 1931.

Surviving are four daughters, Mrs. M. G. Losev of East Orange, N.J., Mrs. Ralph Van Lente and Mrs. Dick Vander Meer of Central Park, and Mrs. Harry E. Dunn of Holland; two sons, Chris Reidsema of Los Angeles, Calif.; 22 grandchildren; five great grandchildren, and a sister, Miss Alice Kamstra of Wyoming Park. The body is at the Dykstra Funeral home awaiting funeral arrangements.

HOLD FILLMORE SCHOOL PICNIC AUG. 18

School District No. 1 of Fillmore township is planning on holding its first annual reunion at the school grounds on Wednesday afternoon and evening, August 18, to which all former teachers, patrons, and pupils, as well as the present are invited to come. All friends of the school are also invited.

A nice program has been arranged by the committee in charge, at which Rev. Arthur Maatman of Grand Rapids, formerly of North Holland, will be the principal speaker.

In the evening there will be a picnic supper at which coffee will be furnished free to the visitors. There will also be a canteen on the grounds at which lunches can be bought by those who do not care to bring a lunch basket.

You can't stay FRESH in a hot, stuffy kitchen!

Flowers can't live in your kitchen; they wilt and die. The air that kills them is the same fume-laden, burned-out air that saps your own vitality, gives you that wilted "kitchen look." Where there is a flame used for cooking, there must be a burning-up of oxygen, a giving-off of fumes. Ventilation helps; expulsion of the fouled air through a suction fan helps still more. But an easier, more natural way of correcting the situation is to change from flame heat to concentrated, direct electric heat in your kitchen range.

SWITCH TO CLEAN, COOL ELECTRIC COOKING

Electric cooking is flameless cooking. That means no soot nor fumes, no burning-up of oxygen. It gives you a clean, cool kitchen which makes of cooking a new delight. It gives you easy, quick and accurate cooking, cutting your work to a minimum. It's the modern way of cooking which smart women everywhere are switching to because of its benefits and economies. Decide . . . now . . . to get all of the low-cost facts.

BAKER FURNITURE CO. PICNIC WAS UNDER SUPERVISION OF EMPLOYEES

Baker Furniture, Inc., held their Annual Picnic July 31st at Tunnel Park. Approximately 1,000 people attended the picnic this year and a good time was had by all.

Vincent McDermott acted as Master of Ceremonies and did an excellent job. Every minute was filled with fun and entertainment. Some of the highlights were a Parachute Jump by Bill Ross who is a Baker employee. He also sponsored Air Plane rides for the employees for 80c each and many took advantage of this.

Mrs. Hollis Baker, wife of the head of the firm, was presented with a bouquet of beautiful roses by the employees.

A lively interest was shown in the games and prizes were awarded for all events.

Free refreshments were served during the afternoon—hot dogs, lemonade, coffee and beer for the grown ups and cracker jack, peanuts, candy, lemonade and ice cream for the children.

This picnic was handled entirely by the employees and from all reports this was a very successful picnic.

STORE ACCIDENT INJURES ALDERMAN

John Vogelzang, local hardware dealer and alderman of the sixth ward, is confined to his home, 210 West 18th St., above his Washington Square store, due to an injury, right leg which he suffered Saturday about 5 p. m., in an accident at his store.

Mr. Vogelzang had gone to the basement of the store to obtain a piece of tin for a customer. In getting the piece of tin, about 50 other sheets, ranging in sizes from 24 by 96 inches to 36 by 96 inches, fell on his leg. An X-ray examination at the hospital revealed the leg was cracked in two places at the knee. His leg was placed in a cast at the hospital and then he returned home.

GUN SHOT CAUSES DEATH OF OWEN JAMES

Although it is believed that a bullet from a 38 calibre revolver was the means of a suicidal death of Owen James, 31, Ganges township farmer, investigation of the shooting is being continued by Coroner E. D. Osmun and members of the sheriff's department.

James was found dead with a bullet through his heart a few days ago. The gun was fully loaded except for the one discharged shell.

James leaves his widow, Mildred, and one two-year-old child. Mrs. James explained to officials that her husband had been worried over financial difficulties, which she advanced as the theory that may have caused the man to take his life.

Have Until Aug. 31 To Pay Taxes Less Penalty

Less than Four Weeks Remain in Program; Tax Sale is Announced

If Ottawa county property owners desire to save penalties on delinquent tax payments, they have less than four weeks left, Nicholas Spruietsma of Holland, county treasurer, announced today. While tax payments have increased during the past few days, considerable delinquency is reported and after August 31, penalties applied.

Delinquent taxpayers have two options, one of which saves money and the other costs. If they pay all of their 1936 tax and three-tenths of taxes of 1932 and prior years, then they have the privilege of paying 1933, 1934, and 1935 delinquent taxes on a collection fee basis of only 2 per cent. This does not include special assessments which carry six per cent interest penalty per annum from the date of their return.

If tax payers do not take advantage of this offer, then the penalty applies at the rate of three-quarters of one per cent per month and an additional four per cent collection fee.

All real estate taxes for 1935 and earlier years will go on sale, probably this coming spring, unless they are paid in full or are paid up to the currently due installment. This means that the 1936 taxes must be paid in full and that at least one-tenth of the total of 1933, 1934 and 1935 taxes must be paid in order to escape this sale. This is in addition to the three tenths required on 1932 and prior years taxes.

If the first installment of 1933, 1934 and 1935 taxes has not been paid, property will go to tax sale for the full amount of these taxes. While property delinquent on taxes after August 31 will go on the tax sale list, it can be paid at any time after that up until the date of tax sale by the owner, but penalties must be included in such payment and thus the total amount due will be considerably more than payments made before August 31. Mr. Spruietsma explains that interest penalties apply on property not brought up to date as of return of tax rolls. For some years this interest or percentage will go as high as 21.

This method of payment was provided by recent laws which have granted special extensions of time for payment to the delinquent property owner. A special effort is being made by Mr. Spruietsma to save taxpayers money in calling attention to citizens of the law and plan as well as dates upon which privileges end.

ALLEGAN PAYS \$7,386 OLD AGE BILL IN JUNE

Allegan county old age benefit payments amounted to \$7,386 in June, according to figures received here from James G. Bryant, state welfare director. A total of 452 persons received assistance for an average of \$16.34 a person, slightly lower than the state average of \$17.16.

HART MAN NAMED CHIEF OPERATOR AT ZEELAND

Percy Carlton, former manager of the Hart Hydro electric company for seven years, has accepted a position at the Zeeland municipal power plant as chief operator.

Mr. Carlton came from California over 40 years ago and operated a garage in Hart for 20 years.

BUILDING DESTROYED BY FIRE

The building known as Dick's place which has been used as an office by Lawrence Lamb while the new bridge at Douglas was under construction, was destroyed by fire. The bridge is now completed ready for dedication. It is a fine piece of work and a show place over the lake at Douglas.

The graduating class of 1936 of Fennville held their first reunion Sunday. A short business meeting was held in the home of Edwin Payne followed by a picnic dinner in Allegan county park. The afternoon and evening were spent at Ramona, Grand Rapids, followed by a show. Only fourteen members of the original thirty-six were present for the dinner. Apparently many members took lightly "the better the day the better the deed."

Miss Lucille Boeve, daughter of Mr. and Mrs. G. H. Boeve of Rural Route No. 5, and Wilbert Brondyke, son of Mr. and Mrs. Aaron Brondyke of 125 East 21st St., were united in marriage Friday evening, in the parsonage of Ebenezer Reformed church with the Rev. J. F. Schortinghuis performing the ceremony. The bride was lovely in a gown of white silk organza, fashioned on princess lines. She was attended by Mrs. Ray Brondyke, who wore flowered silk chiffon. Ray Brondyke attended his brother as best man. Following the ceremony a wedding reception was held at the home of the bride's parents. Mr. and Mrs. Glenn Fyneverer of Coopersville acted as master and mistress of ceremonies. A two-course supper was served by Misses Dorothy Boeve, Cornelia Van Leeuwen, Ethel Oonk and Verna De Witt. Mrs. Boeve, mother of the bride, wore navy blue chiffon, while the groom's mother was attired in black crepe with white trim. Miss Myrtle De Witt entertained with piano music during the evening. Out-of-town guests were Mr. and Mrs. Henry Boeve and sons, Jack and Gerald, of Philadelphia, Mr. and Mrs. Glenn Fyneverer and children of Coopersville, Mr. and Mrs. Ed Van Hatten of James-town, Mr. and Mrs. John Hasper of Muskegon, Mr. and Mrs. Gertrude Raterink, Mr. and Mrs. Egbert Willems, Mr. and Mrs. Bill Willems of Grand Rapids, Mr. and Mrs. Brondyke will make their home at 125 Lytle St., in Ionia, where Mr. Brondyke is employed by the General Motors corporation.

DR. JOHN E. KUIZENGA TO PREACH AT CENTRAL PARK

Dr. John E. Kuizenga, on the faculty of Princeton, New Jersey, who with his family is at Central Park at his summer home, "School's Out," will occupy the pulpit of Central Park Church in the place of Rev. Fred Van Dyke, who is on a vacation.

It is quite a coincidence that this church building was built in Graafschap when Mr. Kuizenga was pastor there many years ago. It was later moved from that village to Central Park, just off U.S. 31. Undoubtedly a large number from the resorts as well as from Holland will attend services at Central Park Church, since Mr. Kuizenga has been in great demand all during the summer season. He also spoke at different times at the Central Park chapel, where a great many of the resorters also ship on Sunday. Different pastors who summer at Central Park aid in the program during the resort season.

PASTOR IS NAMED FOR CATHOLIC CHURCH

The Roman Catholic diocese of Grand Rapids made the announcement Saturday that the Rev. John Westdorp, pastor of the St. Mary's Catholic church in Hemlock, had been named pastor of the St. Francis de Sales Catholic church here to succeed the Rev. Frederick W. Ryan, who has been transferred to the Villa Maria at Grand Rapids as chaplain. The appointment becomes effective August 6. The Rev. Westdorp is a native of Grand Rapids.

Grand Rapids Looks Into Home Building Here

Stiles and Leslie Cite What
Holland Has Done to
Boost Building

(Grand Rapids Herald)

Grand Rapids can learn a lesson from the city of Holland in the matter of new homes construction. Frederick E. Stiles, president of Stiles, Inc., and member of the city's two-man housing survey committee, asserted Saturday following a visit to that city by himself and Joel W. Leslie, the committee member. Mr. Leslie is a building and loan executive.

"During the past two years, Holland has built about 180 four and five-room homes that would be a credit to any community," Stiles said. "About 100 have been built so far this year. Grand Rapids, with 10 to 12 times the population, shows 120 permits for new houses." Stiles asserted that Holland's solution of the housing problem is the result of private effort encouraged by the "very active leadership of William Connelly, secretary of the Holland association of commerce; Frank Essenberg, lumberman and builder, and by the co-operation of the manufacturers who took active steps to investigate conditions before the housing shortage became a grave problem."

"It's 'Contagious' "Mr. Connelly reports that the home building spirit once under way, is catching," Stiles related. "Workmen who didn't seem to have any savings have, some way or other, managed to dig up four or five hundred dollars for a down payment and banking finance has furnished the balance of the money. "About 35 per cent of the house financing has been done with the insured mortgages of the FHA and the rest has been taken care of with the banks' local plan."

"The average new home in Holland runs from \$2,700 to \$3,500 complete with bath, furnace, electric fixtures, etc. They are well designed and a credit to any community. Lumber and material costs are about the same as in Grand Rapids. Carpenters are paid 65 to 75 cents an hour. George James, a Grand Rapids builder who accompanied us, told me that the same home with lots could be built in Grand Rapids for \$3,200 to \$3,500. James has made a study of small home construction."

Tops the State "All the money, labor and materials are furnished locally. Mr. Connelly started the campaign about a year and a half ago by sending out questionnaires which were widely distributed by manufacturers. Raymond H. Foley, state FHA director, gave active help, with the result that Holland today tops all Michigan cities for its percentage of new home construction."

Five members of one family were injured in an automobile accident Sunday, about 6:45 p. m. on the Waverly road, one mile north of Crisp. The injured are the Rev. Samuel Popma, Noordeloos minister, residing on Rural Route No. 3, Holland, fractured ribs, cuts on face and general body bruises; Mrs. Popma, his wife, fractured pelvis and other injuries; Nina, their daughter, scalp wounds; Robert and Orville, sons of Rev. and Mrs. Popma, general body bruises. Rev. Popma swerved his car, which crashed into a concrete bridge abutment, to avoid a collision with another automobile driven by Lawrence Prins, Rural Route No. 2, Holland, as it made a wide turn at an intersection. Deputy Sheriff William Van Etta, who investigated the accident, said. The Popma family was en route to Spring Lake. Prins told the officer that he made a wide turn because a pedestrian was standing near the road intersection. The Popma car was damaged and the other vehicle sustained only slight damages. With the exception of Mrs. Popma, the group was released from Holland hospital Sunday night after receiving treatment. Mrs. Popma's condition was reported improved early this week. Foster Van Vleet, of South Olive, riding in the car with the Popma family, escaped injuries as did Prins and Eyndert Kooiker, Rural Route No. 2, Holland, also riding with Prins. The injured persons were brought to the hospital by Henry Bauman, a resident of the neighborhood.

PROMINENT PASTORS TO SUPPLY HOPE CHURCH

Dr. and Mrs. Thomas W. Davidson left this week on a vacation trip through the East and will be away for six weeks. During that period several divines have been prevailed upon to occupy the Hope Church pulpit during the absence of the pastor. The list follows:— August 8—Rev. Theodore Tritenbach of Schenectady, N. Y. August 15—Dr. Theodore F. Bales of New Brunswick Theological Seminary.

August 22—Dr. John E. Kuizenga, Princeton Theological Seminary.

August 29—Rev. Eugene Flipse, Douglaston, N. Y.

September 5—Rev. Fred Orlert of the First Presbyterian Church of Paducah, Ky.

September 12—The preacher for this date has not been selected.

HOLLAND TAKES ITS SECOND GOLF WIN

(Allegan Gazette)

Holland golfers were victorious over the Allegan group for the second time this season when they trimmed Otwelligan at Otwelligan by a score of 36½ to 29½.

The second tournament took place Sunday. Only two good scores were registered. Art Fredericks of Otwelligan came home with a 76 and L. Kleis, Holland, brought in a 77 for the two low scores and the only scores under the eighties. Kleis also shot a 36 for the first time, par score, and Fredericks shot a 38.

BRIDGE IS COMPLETE

The new steel and concrete bridge on US-131 over Kalamazoo river between Douglas and Saugatuck will be completed by August 1, a month earlier than had been anticipated. Lawrence W. Lamb, son of Mr. and Mrs. W. H. Lamb, was the builder. The span is 485 feet long, with a forty-two foot roadway and five-foot walk on each side with a railing of fabricated steel. Fifteen hundred tons of steel, 3,000 cubic feet of cement, and 20,000 bags of cement were used.

CHERRY PICKER IS HURLED UNDER TRAIN

Hurled beneath the wheels of the Pere Marquette freight train on which he was homeward bound from picking cherries at Shelby, Edward Witkowski, 42 year old Grand Rapids laborer, suffered the loss of his right leg in an accident at Ferrysburg near Grand Haven. Hatton hospital attaches said today Witkowski's condition was serious. His right leg was amputated between the foot and knee at the hospital.

Cries of the injured man as the wheels passed over his leg, almost severing it, reached Jacob Ruiter, who was in bed at his home, near the P. M. tracks, Ferrysburg. Mr. Ruiter hurried to the spot, about 100 yards north of where the P. M. crosses old US-31 to Muskegon. He summoned Sgt. Earl Seestrup, of the state police, and assisted in taking the man to the hospital. The Grand Rapids man had been riding between the boxcars on a coupler, when he was jarred from his seat about 10:30 p. m.

ATTORNEY DETHMERS OF HOLLAND HEADS PROSECUTORS OF STATE

Their annual convention at Escanaba brought to a close, prosecuting attorneys of Michigan headed for home with a new president, John R. Dethmers, of Ottawa county. Mr. Dethmers was elected from the vice-presidency in elections at this meeting. Other officers include: Leonard Patterson, Sanilac county, first vice president; Arthur M. Mann, St. Clair county, second vice president, and John H. Brennan, deputy attorney general, secretary-treasurer.

New liquor and slot machine regulations were explained by V. F. Gormely, liquor control commissioner, and Capt. Caesar Scavard of the state police spoke on "safe highways."

By acclamation, delegates named Alvin G. Dimma, Albert Dimmers, Morris K. Davis, Vincent Fitzgerald, Thomas J. Bailey, Oswald T. McGinn and Charles W. Austin to the board of directors. For the past year Mr. Dethmers and family have lived at Central Park on Lake Macatawa where he purchased a home.

SUBSCRIBING MONEY FOR BETTER FIRE PROTECTION AT OVERSEL

The folks in the village of Oversel are trying hard to obtain additional fire fighting apparatus. The only supply at present is two large cisterns from which water can be drawn in case of a fire which is not considered sufficient for a fire of any size. A sizeable sum of money has already been subscribed for this purpose.

School board meeting was held at the home of Mr. and Mrs. Bert De Vries recently. Those present were Mr. and Mrs. Gerrit Kamphuis, Henrietta Kamphuis and Mr. and Mrs. Harry Schutte.

Mr. and Mrs. Nick Hofstee entertained a group of their nieces and nephews last Thursday evening at their home on West 14th st. in honor of their guests, Mr. and Mrs. Harvey McKervey of Detroit. An informal social time was spent and refreshments were served. About ten were present.

The annual election of officers of the Beaverdam Christian Endeavor society resulted in the following elected: Frances Veldman, president; Winnifred De Jonge, vice-president; Alma Bowman, secretary; Ivan Posma, treasurer. After the annual meeting held last week the group met at the parsonage where they were entertained by the Rev. and Mrs. Muiyken. Games were played and delicious refreshments enjoyed.

Taking Profit of War May End All Future War

Rev. Paul P. Cheff Tells Zeelanders the Advantage of Being an American Citizen

(Zeeland Record)

Zeeland Rotary club was honored recently by having as its guest speaker Rev. P. P. Cheff, former pastor of First Reformed Church of this city, who spoke on the advantages of being an American citizen, and he developed the idea that the immensity of our country permitted the amalgamation of the many races which so readily flowed to our shores. He pointed out the opportunity and room for development, in contrast with European countries, into a strong and virile race, in which the opportunity was to grow up toward greater minds and achievements in contrast with the others where the trend is to push down from the top.

He was given round applause which evidenced the appreciation of the nearly 100 per cent attendance. Dr. Cheff was pastor here about twenty years ago, going from Zeeland to Hope church, Holland. He later took a charge at Omaha and at present is located at Sidney, Neb., where he also does editorial writing for the local newspaper, the Sidney Telegram. He is spending his vacation at Tennessee Beach.

At this meeting a resolution was adopted to support the Shepherd-Hill bill No. 525 in the United States Senate and H. R. No. 6704 in the house of representatives, and to inform the two Michigan senators and Congressmen Carl E. Mapes of the club's endorsement of the bill.

The bill proposes to conscript industry and finance as well as men should the United States ever again become involved in war. There are many provisions in the bill that are not understood at this time, but its general purpose is to "take the profit out of war" and thus prevent war. The World War of 1914-1918 has shown that millionaires were made overnight and were multiplied by the hundreds. It is the contention of those sponsoring this bill that profit in manufacturing and selling munitions for war was a great incentive for promoting war and that the prohibiting of this element will be the greatest deterrent to war promotion.

It was urged that every interested citizen write to our representatives in Washington, endorsing the bill by number, thus: Senate Bill 525, addressed to Senator Prentiss M. Brown and Senator Arthur H. Vanden Berg, U. S. Senate, and H. R. No. 6704 to Congressman Carl E. Mapes, House of Representatives, Washington, D. C.

The bill has been in committee for months and has been held there through the influence of strong interests that are opposed to "taking the profit out of war."

GANG OF BOYS CON- FESS LOCAL CRIMES

A number of petty robberies which occurred in and near Holland last week were solved by the local police Friday by the apprehension of a gang of boys ranging in ages from 11 to 14 years. Two of the boys, 13 and 14 years old, were held at police headquarters, Friday, pending disposition of their case. Four others picked up Friday were released at night to custody of their parents. Because of their ages, names of the youths were withheld. Confessions made by the boys cleared robberies committed last Wednesday afternoon at the Downtown I.G.A. store, 35 East Eighth St., and on Monday afternoon and night at the Beechwood school, North Shore drive; Louis Padnos warehouse, North River Ave.; Ideal Cleaners, Sixth St. and College Ave.; Holland Furnace Co., foundry, West Fourth St., and the Bertach Cider Mill, on US-31, west of Holland. Chief Van Ry said. The 14-year-old youth admitted robbing the I.G.A. store alone while the two of them confessed committing the other robberies together. Chief Van Ry said most of the money and merchandise obtained in the robberies had been recovered. A large amount of the money and stolen merchandise was recovered from an old boat in the boatyard of the Gilboat Co., where the loot had been hidden. Chief Van Ry said. Police are investigating a report that a merchant sold a rifle to the 14-year-old youth and prosecution will follow if it has been found that any state law, regarding such sales, has been violated.

EVELYN WOLBRINK WEDS PERCY ALLEN

(Allegan News)

Miss Evelyn Wolbrink, daughter of Mr. and Mrs. O. A. Wolbrink of Ganges, was united in marriage to Percy Allen Sunday morning in a pretty wedding in the bride's parents' home. Rev. Frank G. Wright officiated in the presence of the immediate families and a few friends. The single ring service was used.

The bride was lovely in an oyster-white traveling gown. The couple was unattended. Following the ceremony, which was in a setting of flowers, ferns, and candles, a wedding breakfast was served and Mr. and Mrs. Allen left for a trip to northern Michigan. They will be at home to their friends in the Starr cottage on Lakeshore drive.

The bride is a graduate of Holland High school and for a number of years has been associated with her father in insurance business, which work she will continue. Mr. Allen is a home decorator and a painter.

A reception will be held in the Wolbrink home Friday evening honoring Mr. and Mrs. Allen.

HOLLAND STUDENT TO TEACH IN GRAND RAPIDS

Miss Phoebe Sarbent, of Ganges, who graduated from Hope college at Holland in June, has accepted a position as English teacher in Fairview high school at Grand Rapids for the coming year.

LOCAL NEWS

Funeral services were held in the Douglas Congregational church Monday at 2 p. m. for Mrs. William Liddell, 78, who died Saturday afternoon in Douglas hospital, where she had been confined for the past year and a half. Prof. Egbert Winter of Hope college officiated. Burial was in Douglas cemetery. Only survivors are a brother-in-law, C. M. McFarland, of Chicago, and several nieces and nephews.

Application for a building permit was made Monday with City Clerk Oscar Peterson by the Holland Motor Express, 1 West 5th St., for permission to remodel and enlarge their office and to place a concrete floor in the company's garage at an estimated cost of \$750.

Russell De Waard, son of Mr. and Mrs. Dick De Waard of 182 East 5th St., is seriously ill with typhoid fever in Marine hospital at Detroit. He was stricken more than a week ago aboard a boat where he was employed as a wireless operator.

James Nettinga is dean of boys and also in charge of sports at the Youth Fellowship conference held in Waldenwoods this week. From there he will go to Westerlo, N. Y., to visit his sister, Mrs. A. J. Neville.

Dr. S. C. Nettinga, president of Western Theological Seminary, and Mrs. Nettinga left Tuesday for a three-weeks' vacation in the East. They will spend some time at the home of their son-in-law and daughter, the Rev. and Mrs. A. J. Neville, in Westerlo, N. Y. Paul Nettinga of Chicago spent two days with his parents here prior to their departure.

Funeral services were held Wednesday at 2 p. m. at the Langeland Funeral home for Andrew J. Van Zoeren, 77, who died early Sunday morning at the home of his daughter, Miss Henrietta Van Zoeren, in Grand Rapids, where he had resided the past year. Dr. N. Boer of Grand Rapids and the Rev. W. Wolvius, local retired pastor, officiated. Burial was in Pilgrim Home cemetery. Mr. Van Zoeren was born in Vriesland where he spent the greater part of his life. He lived on a farm near Central Park from 1909 until shortly before his wife died in 1926. Since then he spent his time with his children. He was deeply interested in church work and served for years as a consistory member of the Central Park Reformed church. Surviving are five children, Mrs. R. Burgess of Byron Center; Mrs. Henry Schaap and Albert Van Zoeren of Holland; Mrs. E. J. Belt and Miss Henrietta of Grand Rapids; also 14 grandchildren and one great-grandson.

Three or four electrical wires extending across the road at Ottawa Beach were put out of commission about noon, Saturday, when a large piece of scrap iron from the grounded Freighter Burlington, which had been loaded on a truck for transporting to Holland, caught in the wires and tore them down.

Gerald Schurman, 272 West 10th St., is confined to his home with a fractured right arm which he sustained Friday afternoon when he fell down on a concrete driveway at Tunnel Park while playing baseball. Mr. Schurman was attending the Holland Shoe Co. picnic at the time of the accident. He was taken to Holland hospital where the fracture was reduced. He was then released.

The Foster brothers—Edward, Maxwell and Eward—launched the good ship Gold Bug in Hutchins Lake Sunday, and did pretty well in their first attempts to navigating a sailboat, considering their lack of experience in seamanship. With Ed as captain, Eward as first mate and Max as bosun, they practiced tacking, yawing, jibing, running before the wind, and reefing, but found they couldn't back'er up like they could a motor car. A too-strong puff of wind finished the lesson by putting the gunwales awash, and a SOS brought Leo Tuckers motor boat that towed them in. It was decided, however, to leave the defense of the Americans cup against the challenger Endeavor, for this year at least, to Harold Vanderbilt's Ranger.—Pennville Herald

A group of relatives gathered at the home of Gerrit Vander Berg, 102 West 7th St., last Thursday evening, to honor him on his 65th birthday anniversary. Refreshments were served after an infor-

mal social evening. Mr. Vandenberg was born in Ventura and spent his entire life in this vicinity. For the past 15 years he has been a furniture worker and is still active in this capacity. He was presented with several gifts. About 15 were present at the party.

Dr. William J. Rooks was surprised at his home east of the city last Thursday night by his four sons and their families on the occasion of his 72nd birthday. He was presented with a gift. After an informal social evening, his guests served lunch. Included in the party were Mr. and Mrs. John W. Rooks and son, Willis, of Grand Rapids; Mr. and Mrs. Gerrit J. Rooks, Mr. and Mrs. William W. Rooks and children, Barbara Ann and Willard and Joe Rooks, all of Holland.

A quiet garden wedding took place at the home of Mr. and Mrs. J. H. Vander Ven, 33 East 13th St., Friday evening, at 8 o'clock, when their daughter, Helen Ruth, became the bride of George Veldman of Grandville. Only the immediate families were present. The double ring ceremony was performed by the Rev. Gerrit Hekhuis. Following the service, a wedding luncheon was served by the sisters of the bride. The couple left during the evening on a wedding trip by way of Niagara Falls to New York city.

Officers of the two branches of the I.O.O.F. in Holland were installed during the past week. Last Tuesday evening the following were installed into office of Holland Encampment No. 79: George Hitsman, chief patriarch; Fred Van Slooten, senior warden; George Vander Hill, scribe; James Butler, treasurer; Fred Schmale, high priest; Martin Keller, junior warden; James Crowle, sentinel; Charles Harris, first watch; W. S. Shaffer, second watch; Raymond Armbruster, third watch, and Ray Light-hart, fourth watch. The installing officer was W. S. Shaffer of Holland, district deputy grand patriarch. Last Thursday evening the following officers of the Holland City lodge 192 were installed: Floyd Banks, noble grand; Frank Cherven, vice grand; Robert Simonson, chaplain; R. M. Simonson, secretary; Herman Danson, treasurer; Richard Bell, warden; R. Gaitor, conductor; James Crowle, outside guard; C. Kramer, inside guard; Raymond Armbruster, R. S. N. G.; Russell Haight, L. S. N. G.; Charles Harris, R. S. V. G.; C. Stellema, L. S. V. G.; W. Van Vulpes, R. S. S.; H. Hiler, L. S. S. The installing officer was District Deputy Grand Master George Vander Hill, assisted by the following past guards: Robert Scott of Detroit, Bert Hahing, T. Vande Water, Raymond Armbruster, H. Burrows and C. Harris. After the installation, ice cream and cake were served. Robert Scott of Emory lodge district, and chairman of the finance committee of the grand encampment of the state order, gave a talk. Word was received by the Holland encampment that the next Western Michigan circuit meeting will be held in Ludington, Sept. 18.

The marriage of Miss Mabel Dekker, daughter of Mr. and Mrs. B. L. Dekker, 268 West 10th St., and Arthur Banks, son of Mr. and Mrs. J. P. Banks of Allegan, was solemnized Friday evening at 7:30 o'clock. Dr. E. J. Blekkink performed the double ring ceremony. The couple was attended by Mr. and Mrs. George Banks. The bride was attired in an ankle-length gown of white lace over satin with white accessories. Mrs. Banks wore white organdie with white accessories. Mr. and Mrs. Banks will make their home at 290 Van Raalte Ave. after August 15. Miss Geraldine Hoffmeyer and Mrs. B. Dekker entertained with a kitchen shower for Mrs. Banks on Friday, July 23. Many beautiful and useful gifts were presented.

For their house guests, Dr. and Mrs. Stanley Kleinknecht of Jackson Heights, L.I., and for Dr. and Mrs. Roy Eusden of Newton, Mass., who are spending the summer at Macatawa Park, Dr. and Mrs. J. Harvey Kleinknecht entertained a group of friends at a dinner party at their home in Waukazoo Saturday evening. Dr. Stanley Kleinknecht, who is in the research staff of the Socony Vacuum Oil Co., with Mrs. Kleinknecht, is spending two weeks vacation with his brother here. Mrs. Eusden is a sister of Mrs. J. Harvey Kleinknecht. Sunday afternoon the Kleinknecht home at Waukazoo was the scene of a private christening ceremony for little Sara Jo Kleinknecht, daughter of Dr. and Mrs. J. Harvey Kleinknecht. Dr. Eusden officiated, using a choice Dalek bowl, which was later presented to Sara Jo. A supper party followed the christening. Last Thursday morning a party was arranged for David Eusden, who celebrated his seventh birthday. Pony rides formed the chief entertainment, with a family luncheon following.

The fifty-second wedding anniversary of Alderman and Mrs. James A. Drinkwater was celebrated Friday evening at a family party. The couple were married 52 years ago in the Methodist church by the Rev. T. T. George. Mrs. Drinkwater was formerly Miss Ella M. Robart of West Olive. Present at the affair were the honored couple, their two daughters, Mrs. Ada Johnson and Ella Mae Drinkwater and a grand-daughter, Esther Margaret Johnson who is in training at the Butternorth hospital, Grand Rapids. Born July 6, 1862, in Manchester England, Mr. Drinkwater came with his family to this country in 1872. After living in Boston, they went to Chicago in 1875. He moved to Ventura in 1876 and later took up residence in Holland. He retired in 1929 after working 33 years as a moulder at the Buss Machine works. Mr. Drinkwater who first became an alderman in 1908 and who has never been defeated at the polls, has served under six mayors. With the exception of the administration of Ernest C. Brooks, as mayor from 1928 to 1932, he has served continuously since 1908.

He is an alderman under Mayor Henry Brusse, Nicodemus Bosch, John Vanderluis, Nicholas Kammeraad, E. P. Stephan and Henry Geerlings. On two occasions he gained office by appointment.

Pictorial Review Showing Progress That Stands As Monuments to the Success of the Founders of the Holland Furnace Company

MR. A. H. LANDWEHR
Co-founder and Beloved Former Leader of Our Warm Friend Organization

MRS. JOHN P. KOLLA
Widow of the Co-founder of Our Company, Mr. John P. Kolla

Bird's-eye View of Holland Plant

First Holland Plant, 1906

The small picture above represents the nucleus from which grew an industry, the volume of which annually totals into millions. This is the first Holland Furnace Company, started in August, 1906, when Mr. John P. Kolla became the manager and Mr. A. H. Landwehr was the entire sales force. This building was 50 by 75 feet and the capitalization was a modest sum of \$50,000. There were only a few men, enough to work out the experimental stage of this present gigantic heating industry. Today the nation is dotted with nearly 500 branch offices, where this Holland product is sold and installed, and give gainful employment to over 5,000 people.

The Holland Furnace Company periodically issues what is known as "The Firepot," giving information relative to the large industry, sales talks, news from the 500 branches as this relates to the furnace industry, and such beneficial hints helpful to the large "Warm Friend" family. The personnel in every department, whether in Hol-

land, in the branch factories, or in the far-flung branch offices found in all important cities of the nation, are close-knit. That is to say, there is an intimate friendship and a kindly feeling when a Holland Furnace man meets one of their number, and this, too, is true among the women of the organization. They have their little benefits, insurance, welfare, and kindred organizations that with the great industry make them all akin and interested in the enterprise of which they are a part. In other words, this Holland Furnace group speaks the "same language" as that has to do with heat units that enter into the comfort of the home largely.

Anyway, where "The Firepot" generally devotes practically all its columns to its own enterprise and its large personnel, and goes into detail relative to the volume of sales and the contest to increase volumes at times, in the issue of July 23 there was only one dominating thought—and that was the passing of A. H. Landwehr, co-founder of the Holland Furnace Co., and Mrs. John P. Kolla, widow of the senior founder, John P. Kolla, who passed away a few years ago. The issue is replete with a history of the furnace company from its inception to the present day. It also gives an eulogy on those who made this industrial dream

possible. It sounds like an "Aladdin" story, only ever so much more substantial. It would be more appropriate to use the trite saying, "Strong oaks from little acorns grow," for that, figuratively speaking, is the story of the Holland Furnace Company from its founding thirty-one years ago to the present time.

Although the efforts and the energy of this trio is no more potent in its direction and their voices have been stilled, this enterprise has been left in other hands to carry on, and it is evident that the Holland Furnace Company is retaining its high place in the industrial set-up in this city, state and nation. That is naturally what the founders have hoped for and had been striving for.

"The Firepot" was a fitting tribute honoring the memory of the three much-beloved persons, who passed away recently, and who were paramount figures in building this industry, of which Holland has been so justly proud. It is eminently fitting that "The Firepot" should be dedicated to A. H. Landwehr and Mrs. John P. Kolla and to tie up in this review the name of the senior founder, John P. Kolla. Every copy of this publication has been taken up by members of the "Warm Friend" family, their representatives and intimate friends, and today there are no copies left of this dedicatory issue. This, in itself, is an outstanding tribute to these three pioneers who revolutionized the methods of comfort in the home, and to make this home "a spot where folks really live" in comfort and happiness.

The review also gives a pictorial setting of the industries that have been created, starting with that humble beginning in a 50 by 75-foot structure as pictured on this page. The Holland City News is pleased to reproduce in pictures the monuments that redound to the credit of Holland and the memory of those responsible for these achievements. Holland will not soon forget them, for this organization has played a tremendous part in building up our city, and by the same token has played a large part for good, as this relates to our community life. A furnace is synonymous with the City of Holland no matter where you go abroad.

This publication might go on indefinitely, extolling the distinct qualities of the personnel and the unusual growth of an industry that is so intimately related to the comforts of all of us. This has been repeatedly done and we, therefore, conclude by giving this pictorial contribution to its readers.

ZEELAND

Thirty-one members of the Adult Bible class of Bethel Reformed church held an outing at Zeeland park last Thursday evening. A short program was presented during which Mrs. H. Naberhuis gave a budget and Mrs. H. Sprick and Mrs. J. Wiggers gave readings. Sports were conducted and prizes were awarded to Mr. and Mrs. H. Mool, F. Wierda, Mrs. J. Van Kampen and Mrs. E. Lam. The Rev. C. A. Stoppels is teacher of the class.

The fourth annual Slagh family reunion, held last Wednesday afternoon and evening at Zeeland City park, was attended by approxi-

mately 125 relatives. Those attending came from Spring Lake, Grand Haven, Elmhurst, Illinois, Muskegon, Mason, Grand Rapids, Holland, Zeeland and vicinity. The officers in charge were John Van Tatenhove, Holland, president; H. R. Brink, Holland, secretary-treasurer; Mrs. George Sorensen, Muskegon, historian. At a business session the following officers were elected for the coming year: H. R. Brink, Holland, president; Miss Gertrude Wabbeke, Holland, vice-president; Mrs. Neal Tiesinga, Holland, secretary-treasurer (re-elected); Mrs. George Sorensen, Muskegon, historian (re-elected). Sports were enjoyed and a short program presented. The festivities

of the day were closed with prayer by the oldest member present, J. B. Slagh, 83 years old. The 26th annual reunion of the Huyser family was held Friday afternoon and evening in the Lawrence Street City park at Zeeland. Officers in charge of the affair were Chester Ver Merlen of Holland, president; Kate Ver Merlen, Holland, secretary, and B. Berg-horst, Zeeland, treasurer. Tony Huyser of Holland was elected president for the coming year. The secretary and treasurer were re-elected. The program was opened with singing of psalms, accompanied by Paul Van Eenennaam on the horn. Sietse Baron told of his recent trip in the East and Rev. Peter De Vries of Zeeland gave an

address. Instrumental music was furnished by Paul and Wayne Van Eenennaam. Mrs. William Van Eenennaam of Zeeland described her recent trip to the west coast. Music was furnished by Mrs. Minnie Huyser and Mrs. Minnie Schut. A budget was read by Russell Huyser and a historical report was given by Peter Huyser.

Born to Mr. and Mrs. Harold Hoezee, E. Washington St., a son; to Mr. and Mrs. Wm. Zeinstra, Borculo, a son, Kenneth John; to Mr. and Mrs. James Sturing, N. Centennial St., at the Zeeland hospital, a daughter, Carolyn; to Mr. and Mrs. Eldon Moore, Wall St., a daughter, Margaret Ann. Mrs. Mary Schepers of Holland was the week-end guest of rela-

tives in Zeeland. Mrs. Mary Pas and daughter Retta of Holland also were Sunday visitors with relatives and friends at Zeeland.

Mr. and Mrs. Herman Kleken-veld of Holland and Mrs. John Jurris and Albert Jurris attended the Jurris and De Boer family reunion at Johnson Park, Grandville, on last Wednesday afternoon and evening.—Zeeland Record

ALLEGAN COUNTY NEWS

Funeral services were held last Wednesday in Bravo church for Sadie Marie Carey, eight-year-old daughter of Mr. and Mrs. John Carey of Bravo, located four miles south of Fennville. She died earlier in the day of mastoiditis which developed into meningitis. Besides the parents she is survived by two brothers and two sisters. She was born in the vicinity of Saugatuck. Her mother was formerly Miss Hazel Rumsey of Fennville.

Elmer E. Ford of Allegan county was sentenced to thirty days in the county jail and Barbara McDonald a term of six months to one year in the Detroit House of Correction for lewd and lascivious cohabitation.

Complaints are made that Allegan county deer have formed a liking for Hamilton celery. They can scarcely be blamed for that for Hamilton celery is good enough for eating by any creature on earth. There has been no little outcry about this but the actual damage is admitted to be not large. Claim is made that from fifteen to twenty deer have been seen. More likely it was a half dozen recounted several times.

The Fillmore school district No. 1 will hold a reunion August 18 at the school grounds. Mrs. Edward Boeve, secretary, would like addresses of all former school teachers so that a program may be arranged. The Rev. Arthur Maatman, who taught in the school seven years, will be the principal speaker. A history also will be given.

The marriage of Evelyn Wolbrink, daughter of Mr. and Mrs. O. A. Wolbrink of Ganges, and Percy Allen, took place Sunday morning, July 26, at 8 o'clock at the home of the bride's parents in Ganges. The Rev. Frank G. Wright performed the ring ceremony in the presence of the immediate relatives. The house was attractively decorated with ferns, flowers and candles. The bride was attired in a traveling gown of oyster white with matching accessories. The couple was unattended. Following the ceremony a wedding breakfast was served and Mr. and Mrs. Allen left on a trip to the northern part of the state, after which they will reside in the Starr cottage on the Lake Shore drive. A reception was held Friday evening for the couple at the Wolbrink home. The bride is a graduate of Holland high school and has been associated with her father in the insurance business for several years in which work she will continue. Mr. Allen is a high class painter and decorator.

Mrs. Ben Lubbers, a recent bride, was the guest of honor at the home of Mrs. Albert Lubbers of East Saugatuck, recently, when she entertained at a shower. The honored guest was presented with many beautiful and useful gifts. During the evening a program was enjoyed. A two-course lunch was served by the hostesses, Mrs. Edward Boeve, Mrs. L. J. Mannes, Johanna and Aleita Lubbers, assisted by Juliet Glupker.

The Cheshire Friendly Bunch reunion is being held today August 5 at Allegan fairground. Mrs. Herbert McCann of Fennville is the secretary-treasurer.

Mrs. Nora Barrington of Fennville is recovering from a broken rib sustained when she slipped and fell on a cement floor. Samuel Beagle is carrying his arm in a sling with a chipped shoulder-blade caused by stepping into an open trench at the Sanocide company plant at Fennville where he was employed. The right step in time saves broken bones it seems.

The former George Marriat house, Fennville, has been sold to the West Michigan Oil company, and work will start on the new service building as soon as John Barron, who is ill of pneumonia, can supervise the building.

The first of the string-beans for canning was brought to the Fennville factory last week. Home-grown sweet corn was picked last week for market by Ival Wade.

Two Fennville girls picking cherries adopted a different kind of attire for their work when the temperature took a tumble Monday morning. It became so cold that they donned their winter snow suits. So they managed to keep warm, and to look very attractive as well.

Announcements have been received of the birth of a son to Mr. and Mrs. Lawrence Decker of Hart on July 24. He has been named Norman Eugene and weighed 7 lbs. 14 ounces. Mr. Decker was formerly principal at the high school at Fennville.

Mrs. Delbert Myers, Fennville, accompanied her husband's parents, Mr. and Mrs. George Myers of Holland, to Charlevoix, Saturday, returning Sunday.

John Whitbeck, Fennville, who is convalescing from a siege of blood poisoning in his arm, spent the week-end with friends in his cottage at Pine Lake.

God Feeds a People
Exodus 16:11-20; 17:3-6

Henry Geerlings

The whole congregation of the children of Israel murmured against Moses and his brother. They were hungry. People are not in a very good humor when they are real hungry. They are liable to say things and do things under these circumstances which they would not say and do otherwise. There is an intimate connection between an empty stomach and human dispositions. It is rather surprising that we have as little trouble as we do in this country now, seeing that so many people are workless and hungry. We should be thankful that we do not have more riots than we do. The people of

Israel were on the verge of starting a riot. They were developing an ugly temper.

It is strange that they blamed Moses for all their troubles. They had much the same disposition that so many of us Americans have. We blame our rulers for every untoward economic and social circumstance that arises to plague us. It is so true when we say that we must have somebody on whom to blame our troubles and we often select the one who is least responsible and who may be our best friend and the one most interested in our welfare.

Moses was the target of the children of Israel's sharp shafts of complaint. How unresponsive these people were. They told Moses what they thought of him. They were so provoked at him and Aaron that they said they had brought them to this present place just for the

purpose of killing them with hunger. Of course, Moses could not do such a thing. They just lost sight of the real purpose for which he had secured their emancipation. Their hunger seemed to make it impossible to give Moses credit for any pure and noble motive in delivering them from Egyptian bondage and leading them toward the promised land. But it takes great souls to suffer and sacrifice for some great end. The majority hesitate to sacrifice physical comforts for spiritual values and beautiful ideals. Not many of us would care to be hungry to buy a good book. We are slow to sacrifice costly pleasures that we may give more generously to the building of the kingdom of God in the world. So this hungry crowd of Moses longed for the flesh pots of Egypt. They were sure now that they preferred them to liberty, if liberty meant

hunger. But they forgot that flesh pots meant the lash of the taskmaster and killing work and bearing burdens almost too grievous to be borne. Is it not strange that past satisfactions grow big in our minds when we are face to face with present trouble? The very things that we despised in the past we magnify now as lost goods, when we are in present difficulty. Of course everyone knows that it is difficult to be an optimist when it is cold and one does not have any coal in the house and when one is hungry he has only a little bread to eat. Anybody can speak of how beautiful the world is when he has three good meals a day and a gratifying bank account and a likeable job. Anybody can condemn the complaining spirit when he does not have rheumatism and has his home paid for. The real optimist is the man who sees good

through tears and pain and hunger and believes the world is still good though he has a pretty hard time of it. But nevertheless these people of Moses might have been more charitable with him. It might have occurred to them that he was just as sorry as they were that there was as little food as there was and that he was willing to sacrifice and suffer for a great cause.

Again Moses was under the necessity of inspiring these people with his own faith in the good providence of God. He had to make them believe that God in His own way would supply their physical needs. This happened. Whatever the divine process was, suffice it to say that their hunger was satisfied and they lived on. We are not anxious to know the how of this giving manna in the wilderness. We are more anxious to believe that if God does not rain down bread from heaven on the hungry people of our day He does make it possible for us to feed the hungry and visit the sick and clothe the naked.

Why Firestone STANDARD TIRES are EXTRA SAFE

TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA

From these plantations comes an ever increasing supply of the world's finest rubber. Economies in producing raw materials, manufacturing and distributing make it possible for Firestone to give you so much for your money.

YOU GET EXTRA PROTECTION AGAINST BLOWOUTS—eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. By this process every fiber in every cord is every ply is saturated with liquid rubber. This counteracts dangerous internal friction and heat that ordinarily cause blowouts.

YOU GET EXTRA PROTECTION AGAINST PUNCTURES—because under the tread are two extra layers of Gum-Dipped cords.

YOU GET EXTRA PROTECTION AGAINST SKIDDING—because the tread is scientifically designed.

YOU GET LONGER NON-SKID MILEAGE because of the extra tough, long-wearing tread.

Firestone Standard Tires give you all these extra value features because they are first-quality tires built with high-grade materials and patented construction features. You SAVE MONEY because you buy this high quality and extra value at such low prices.

Before leaving on your vacation trip, join the Firestone SAVE LIFE Campaign by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES DO YOU KNOW

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?

That a million more were injured?

THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

At right is a section cut from a smooth, worn tire, with no tread protection worn off. Tires in this condition are liable to punctures, blowouts and skidding.

At left is section cut from a new Firestone tire. Note the thick, non-skid protection against skidding, blowouts and punctures. Come in and see a demonstration.

LOCAL NEWS

Freaks of nature were in evidence at the George Bale dog kennel at Fennville last week when "Patsy", a thoroughbred Irish setter, presented her master twelve healthy pups—nine males and three females. "Mother and babies are doing fine."

John Van Tatenhove of the French Cloak Store returned from Chicago today where he has been on a buying trip for Fall goods.

Mr. and Mrs. Joe Faassen and their two sons, James and Ralph,

of Clarinda, Ia., were guests of their uncle and aunt, the Rev. and Mrs. William Wolvius, on Washington Blvd. Mr. Faassen is general manager of the Berry Seed Co., the largest seed house in the world. From Holland they went East to spend their vacation. They took their son, James, back to Niagara Falls where he is engaged as chemical engineer for the DuPont laboratory.

The Calvary Baptist church Sunday school held a picnic last Thursday evening at the oval at Ottawa Beach. Games were played and prizes were awarded. Singing was led by Gilbert Van Wynen and devotions were conducted by the pastor, the Rev. Fred Vander Weide. Special guests were the Rev. and Mrs. R. A. Elve and son, Dickie, of Mt. Pleasant, who are vacationing in a trailer at the oval. Rev. Elve was formerly pastor of the church.

Andrew Stokette of the A. Stokette Dry Goods and Cloak Store has been in Chicago laying in a stock of merchandise for the Holland emporium for Fall and Winter.

Two girls known to their friends and guests at the Warm Friend tavern as "The Twins" are alike in everything but name. They are the Misses Mary Jane Snyder and Dorothea Dillman, who were born the same day of the same month in neighboring Indiana towns, where they first became acquainted as children while attending school in Richmond, Ind. This was Mary Jane's home town and Dorothy

moved there from Sugar Valley as a child. They are of the same height and weight, live together and enjoy the same friends. For more than seven years they have worked together in various hotels. They were 27 last July 7. The girls, who are working at the Warm Friend tavern, worked four years in Richmond, Ind., and last year worked in a St. Petersburg, Fla., hotel.

CLAUDE VANDERMOLLEN USES FLY ROD TO PULL ZEELAND YOUTH FROM CHANNEL

Grand Rapids Press

A fly rod in the hands of a Grand Rapids angler proved a means of saving a swimmer's life late Saturday afternoon at Ottawa Beach pier. A life guard at the same time saved another young man from drowning.

Claude VanderMolen, 36, of 1146 Veto-st., Grand Rapids, assistant superintendent in the highway department at Grand Rapids, saved the life of James Meyer, 20, of Zeeland as the young man, who was swimming between the pier and the bulk of the old freighter Burlington, was pulled into the water by the heavy undertow. VanderMolen, who already had one rescue to his credit in the last few years, was ready to jump into the water for the rescue, but as he was leaning over the pier with his rod extended, his body being held by his brother-in-law, George Rooney, 664 Wolverine-dr., N. E., Grand Rapids, the swimmer grasped the rod and the men were able to pull him to the pier. A friendly wave helped to make the rescue possible with the aid of the rod.

As VanderMolen was aiding Meyer, Charles Fies, lifeguard at the oval, had seen the two swimmers in the water and he rescued Harold Engleman, 21, also of Zeeland, who had been pulled under the water by the same undertow. Both had been attempting to swim to the sunken boat.

The lads were removed from the pier by the Holland coast guards and taken to the station, where they were given aid until sufficiently revived to return to their homes.

VanderMolen is wondering where he will find another rod like his "old faithful," as the rod was broken into bits as the rescue was made.

TAXPAYERS ATTENTION

1935 and Prior Unpaid Taxes

It is most important for you to know the provisions of the **Ten Year Installment Plan** (P. A. No. 28 of 1937) which provides for the continuation of the grouping of 1932 and prior taxes under one total, and the grouping of 1933, 1934 and 1935 taxes under one total, and these totals to be divided into ten equal installments.

Third Installment of 1932 and Prior Taxes Now Due

Should be paid before Sept. 1, 1937. A collection fee of 2 pct. will be added to the first, second and third installments, if paid before Sept. 1, 1937.

First Installment of 1933-1934-1935 Taxes Now Due

Should be paid before Sept. 1, 1937. A collection fee of 2 pct. will be added if paid before Sept. 1, 1937. **To be eligible for payment of 1933-1934-1935 taxes** under the ten year installment plan, the first three installments of 1932 and prior taxes and the entire 1936 tax must be paid. **Application must be made before Sept. 1, 1937.**

Balance of Installments of 1935 and Prior Taxes

May be paid at any time before matured date [Sept. 1st of each year] with a collection fee of 2 pct. **Any installment not paid by Sept. 1st of the year it is due, is considered delinquent** and there will be additional interest of $\frac{3}{4}$ of 1 pct. per month. Special assessment carry interest at the rate of $\frac{1}{2}$ of 1 per cent per month since date of return on 1933, 1934 and 1935 and since Sept. 1, 1935 on 1932 and prior taxes.

Entire Year's Taxes of 1935 and Prior Years.

Will be offered for sale May 3, 1938 if matured three installments of 1932 and prior years and first installment of 1933-1934-1935 has not been paid. (Application to pay under installment plan must be made before Sept. 1, 1937.)

Important

Be sure to make application for ten year installment of 1933-1934-1935 before Sept. 1, 1937, with a remittance of first installment, also with first three installments of 1932 and prior years and entire 1936, if these have not already been paid. Otherwise you have lost your opportunity to take advantage of the ten year payment plan.

NICHOLAS SPRIETSMA,
Ottawa County Treasurer.

Published in Accordance with Act No. 28, Public
Acts of 1937.

How To Save Money By Paying Your Taxes Now

COUNTY TREASURER CALLS ATTENTION TO PROVISIONS OF THE TEN-YEAR IN- STALLMENT PLAN

On the first page of section three there appears an advertisement printed by the Treasurer of Ottawa County, Mr. Nicholas Sprietsma, going into details about tax matters. Those taxpayers who are delinquent on some of their property would do well to read this announcement over carefully, for it indicates that by paying promptly, according to the regulations in that announcement, a great deal of money can be saved not only, but even the property can be saved in some instances where taxes have been accumulating, and unless paid will in time be sold for taxes, as before the depression period.

Taxpayers' attention is called to the provisions of the ten-year installment plan for payment of delinquent taxes, which provides for the continuation of the grouping of the 1932 and prior taxes under one total and the grouping of the 1933, 1934, and 1935 taxes under another total, these totals each to be divided into 10 equal installments.

The third installment of the 1932 and prior taxes now due, should be paid before Sept. 1, 1937. A collection fee of two per cent will be added to the first, second and third installments if not paid before that time.

The first installment of the 1933-35 taxes, now due, should be paid before Sept. 1. To be eligible for payment of the 1933-35 taxes under the ten-year installment plan, the first three installments of the 1932 and prior taxes and the entire 1936 tax must be paid.

Application must be made before Sept. 1, with a remittance of the first installment, also with the first three installments of the 1932 and prior years and the 1936 tax, if these have not already been paid if one would have the opportunity of taking advantage of the ten-year payment plan.

The balance of the 1936 and prior taxes may be paid at any time before matured date, Sept. 1 of each year, with a collection fee of two per cent. Any installment not paid by Sept. 1 of the year it is due is considered delinquent and there will be additional interest of $\frac{3}{4}$ of 1 pct. per month. Special assessments carry interest at the rate of $\frac{1}{2}$ of one per cent per month since date of return on 1933, 1934, 1935 and since Sept. 1, 1935 on 1932 and prior taxes.

The entire year's taxes of 1935 and prior years will be offered for sale May 3, 1938, if matured three installments of 1932 and prior years and first installment of the 1933-35 taxes have not been paid. Application to pay under the installment plan must be made before Sept. 1, 1937.

If you are in doubt as to just how your taxes stand if they have been delinquent, it would be well for such taxpayers to get in touch with County Treasurer, Nicholas Sprietsma, or his staff at the Court House in Grand Haven and make sure. We again refer you to the announcement on page one, section three for further detailed information.

State Soon to Get Better Car Titles; Buyers Then Won't Buy Half Cars

The familiar bluff colored automobile title form will shortly be replaced with another of different color and style, Leon D. Case, Secretary of State, has announced. Two reasons cause the new form: a color against which typewriting is more legible, will be chosen; the 1937 legislature passed an act which requires additional information on the face of the title. The new law, passed with immediate effect, but not yet operative, will require that all chattel mortgages taken on motor vehicles to guarantee payment of accessories and the like, be endorsed on the face of the car's title, with a true copy filed with the Secretary of State, in addition to the original filed with the Register of Deeds of the county in which the contract is made.

The purpose of the law is to protect innocent subsequent purchasers of cars on which chattel mortgages previously taken and never discharged, might be executed. In such instances, the new owner would have the choice of completing payment for an accessory he believed included in the car's purchase, or of surrendering the car to the seller of the accessory. Heretofore cautious purchasers of used cars were faced with the nearly impossible task of checking the chattel mortgages recorded with the registers of deeds in 88 counties. Case endorsed the new law as a protective measure.

Japanese Movies Here?

(Chicago American)

Japanese movies, in which an all-Japanese cast will speak English, will be shipped to America to compete with American movies.

Apparently, the competitive instinct of the Japanese knows no limit. They ship up everything from shoes and shirts to bicycles in competition with American-made goods.

American-made goods are protected by a tariff measure invented by men to overcome unfair advantages of competitors, and often to protect their own inefficiency.

American movies and American automobiles are two products of this country that need no such protection—they can take on all comers. "No holds barred."

The urge to compete is a sign of youth; a plea for protection is a sign of age.

A WELL TAILORED SUIT is an important wardrobe item, says Joan Fontaine, radio star. Joan has chosen a smart suit of ivory white wool, with rows of stitching substituting for lapels on the jacket. Triangular pockets high on the jacket also feature stitching.

THE MOTOR CAR OF THE FUTURE?—Boys in the east, west, north and south try their hand at constructing miniature automobiles of their own design. Above are three of the state winners selected in the nationwide Fisher Body Craftsman's Guild model car design competition.

ON THE PAY LINE—Over a half million dollars in salary disbursements went to steel employees at East Chicago on their first pay-day since the start of the strike, restoring the economic pulse of the steel area to normal.

No Shooting Squirrel This Fall Law

SENATE ADOPTS BILL TO PRO- TECT ANIMAL FATHER OF BILL DID NOT EXPECT IT TO PASS

"The boys here in town had been complaining to me that the squirrels are almost gone. They suggested it would be a good idea to close the season for a couple of years. That's how I happened to offer the amendment to the general game bill to close down of squirrel hunting," says Elton R. Eaton, of Plymouth, publisher of "The Plymouth Mail" and representative for his district in the State Legislature.

Representative Eaton's amendment to close the squirrel season was made in the closing days of the Legislature's session. He did not expect it to be accepted by the Senate. "When the journal came out, I was surprised myself that the idea had actually been adopted by the other house," he says.

Eaton is strong in his advocacy of protection for squirrels. "I don't know of anybody in this vicinity who does not want the season closed for a while to give the squirrels a chance to come back," he says. "Up near Burt Lake, where I go fishing quite a bit, there seems to be a scarcity of squirrels also." He figures that in a few years the squirrels will be back so that there can be an open season again, but as far as he himself is concerned squirrel hunting doesn't stack up with deer hunting or even pheasant and rabbit shooting. "To me, the idea of shooting squirrels is too much like blowing away at an insulator on a telephone pole," Eaton says.

Sportsmen generally are just beginning to find out about the prohibition of squirrel hunting. Since most of the clubs have adjourned for the summer, chances are little organized opinion for or against will be heard until fall. Even if they do not favor the new law, there is nothing they can do about it until the next Legislature. Neither the Conservation Commission, nor the Game Division of the Conservation Department believes that the prohibition of squirrel hunting was necessary. "Squirrels are among the most plentiful of small game in most parts of Michigan," H. D. Ruhl, chief of the game division says.

PREPARATION ALREADY BE- ING MADE FOR COLLEGE OPENING

Dr. Wynand Wichers, president of Hope College, returned from California with his family. Monday after a four-weeks' trip, leaving his son, William, as a student of the Boeing School of Aeronautics at Oakland, Cal. Dr. Wichers began his work in the college office Tuesday morning.

He and Paul Brouwer, beginning new duties as assistant to the president and personnel director, are handling early registrations and requests and routine business. The college office is open from 9 a. m. to 12 noon on week days. Miss Mildred Schuppert and Prof. Thomas E. Welmers, registrar, are at the office daily.

Work is being directed on the campus for the improvement of several buildings. At Voorhees hall, 20 rooms and the reception room are being re-plastered. Celotex is being placed in the ceilings of some rooms. The finished rooms and hall ways will be fixed with color plaster. Abel Smeenge has the general contract for the work.

George Mool is re-roofing the south portion of Graves Hall, covering the library. The slate roof is being repaired. Under the direction of August Kasten, work is being done in Van Raalte Hall, classroom building, and Van Vleet hall, boys' dormitory. Plasterers are repairing breaks and doing small redecorating. Dr. Wichers said.

U. S. UNEMPLOYMENT DE- CLINES TO NEW LOW; MANY FIND WORK

Secretary Perkins, according to information from Washington, said that registered unemployment was the lowest in the history of the United States employment service last month and that private placement of workers was the second highest on record.

Announcement that 224,692 private jobs had been filled by the service in June, Miss Perkins said new applications were fewer than in June of last year. The number of jobseekers registered fell to 6,016,014 at the end of the month, a 5.5 per cent decline from May and a 22.8 per cent reduction compared with the previous June. That would seem that folk are largely finding employment in private enterprise which is indeed a good sign.

SPARROW CAME TO U. S. FROM ENGLAND IN 1850

The English, or house sparrow, is an undesirable alien, imported into the United States by Hon. Nicholas Pike and other directors of the Brooklyn Institute in the fall of 1850. They were kept in captivity that winter and liberated in the spring of 1851. From 1850 until 1881 sparrows were imported from either England or Germany, no one realizing the disastrous consequences that were to follow.

THREE ALBINO DEER ARE REPORTED

Three albino deer have been reported from various sections of the upper peninsula this summer. A mature doe of spotless white with bright pink eyes discernable, witnesses say, at a distance of 100 feet has been seen by a number of persons in the Escanaba region. An albino fawn has been found dead near Seney and turned over to conservation authorities for examination.

Roadside "Zoo's" Must Have Animal License

Roadside "zoo's" and other private exhibits of wildlife maintained for commercial purposes will come under rigid regulation throughout Michigan as the result of a measure passed by the 1937 legislature. The new law forbids anyone to keep any wild animal or bird in captivity for exhibition except by permit from the director of conservation. Such a permit, however, is not required of educational and theatrical institutions, circuses, zoological gardens and public agencies. The law authorizes the state conservation commission to prepare and enforce regulations requiring adequate sanitation, housing and safety at all roadside zoos and private wildlife exhibits. The law strikes at any possible condition under which wildlife is penned for public exhibition under circumstances offensive or hazardous to visitors. Adequate provisions will have to be maintained by operators for feeding and sanitation of captive wildlife.

Jack Miner Brands the Starling

Jack Miner, of Kingsville, Ont., bird sanctuary fame, says the greatest bird nuisance to invade his refuge is the English starling.

"The first starlings came to my sanctuary in 1924 and I welcomed them," Miner says. "But in 1927 they began to wear out their welcome for they ate up all the quail food I had placed out and in the following year they drove out thousands of purple martins that had been living in my sanctuary. They also caused all mourning doves and red-headed woodpeckers to leave."

"I declare war on the starling in 1931, building a starling net and trap. In a short time we had caught, drowned and buried over 17,000—but a million more came to their funeral."

"My personal findings, after observing the starling under all conditions, are that they are driving out some of our best weed seed, insect destroying, and song birds; such as the Kentucky cardinal, the mourning doves, purple martins and woodpeckers. They are the worst seed distributors America has ever known. They carry deadly chicken diseases. They are destructive to fruit and vegetables and are death to trees on which they roost. Too, they are lowering public opinion and appreciation of bird life in general."

Russcher school, Fillmore district No. 1, will have its first reunion at the school, Wednesday, Aug. 18. Free coffee will be served. A program of games and sports is being arranged. Former scholars and teachers of the school are invited.

WILD TURKEYS ROOST IN MICHIGAN

A roost of turkey buzzards has been found northwest of Bay City by Gus Fuehr, district conservation supervisor. It is estimated that about 50 birds frequent the roost at night, ranging widely in the daytime. The turkey buzzard is rare in Michigan.

FENNVILLE MAN GETS MAIL FROM PLANE THAT CRASHED ON MOUNTAIN TOP

Charles Spencer, formerly of Fennville, arrived from Los Angeles, Calif., to visit his grandparents, Mr. and Mrs. H. E. Hawley. Charles made the trip by bus, but got to Fennville before an air mail letter, which he mailed at Los Angeles, to his grandparents last December.

The letter got to Fennville Monday. It was stamped "delayed in transit," it being part of the contents of a mail sack recovered from the ruins of the air liner that crashed in the mountains of Utah last winter, taking seven lives, one, a beautiful stewardess from Michigan. The plane, it will be remembered, was only located three weeks ago, after six months' search. The letter had been retained at Salt Lake City, where the recovered mail bags had been taken after the finding of the plane wreckage.

Only fragments of the plane were found, more than 12,000 feet up. Had the pilot flown 15 feet higher he would have gone over the mountain peak successfully. Since the wreck was discovered another rock slide took place, covering the wreck and bodies still deeper.

The letter is prized by Mrs. Hawley as mail from the lost plane will doubtless be eagerly sought by collectors. The original envelope was but slightly soiled after lying buried in the snow since December.

ANNOUNCES CHANGES IN STATE HIGHWAY SYSTEM

According to Murray D. Van Wagoner, state highway commissioner, the highway advisory board has authorized 75 separate mileage changes on the trunk line system, which includes changes in Allegan and Kent counties.

The board's recommendations for these two counties follow: Allegan county, US-31, Glenn relocation, cancellation, 2.428 miles; US-31, relocation at Douglas and Saugatuck, cancellation, 4.03 miles; US-131, Wayland relocation, cancellation, 1.3 miles. Kent county, US-16, relocation east of Grand Rapids, cancellation, 2.2 miles.

MICHIGAN SELLS 1,250,000 LICENSES

Michigan hunting, fishing and trapping license sales broke all records last year. The compilation shows sales of 433,281 resident game licenses, 5,517 to non-residents; 135,684 resident deer; 874 non-residents; 520,814 resident fishing; 148,305 non-resident fishing and the balance were made up of trapping and fish spearing.

APPLICATION FOR PIPE LINE TO LAKE MACATAWA WILL GET P.U.C. HEARING

The state public utilities commission today set for September 8 a hearing on the application of Gerit Vander Leest of Muskegon to extend an oil pipe line from Allegan county to Lake Macatawa in Ottawa county.

There will be a rummage sale at the M. E. Church on Saturday, August 7, beginning at 9:00 o'clock in the morning.

INDIANS BLAMED FOR SOIL LOSSES

Indians who stalked game hundreds of years ago near Benton Harbor probably never heard of soil erosion. If they had, they wouldn't have burned over the woodlands. Wind and water erosion are acute agricultural problems in this area and other parts of the state, largely because of the removal of timber, foresters say.

Recent tests by the soil conservation service on the Jessie Morgan farm in Berrien county show that woodlands in this region were burned over periodically by Indians in order to make their hunting easier. The older trees in the stand show a decided decrease in growth for certain periods over 100 years ago. Another proof that burning took place, according to foresters, is in the dense undergrowth of dogwood and other undesirable species.

Demonstration of proper methods of timber stand improvement is a part of the erosion control program being carried out by the federal government in Berrien county. The soil conservation service selected a portion of the Morgan farm for tests and demonstrations. Large trees, beyond the lumber utilization stage, were cut into fence posts and cordwood and sold to nearby farmers. Small diseased and undesirable trees were worked into polewood, and the undergrowth was cleared. Red oak acorns and seedlings were planted to provide future reproduction.

Properly managed woodlots not only are an essential portion of any farm, but are the most effective of all soil conservation measures, according to Arvid Tesaker, assistant forester of the erosion control project, who supervised work on the Morgan farm. Similar demonstrations of proper handling of woodlots are being carried out in other cooperating farms in the area.

TOWN MOVED TO ROAD; ROAD NOT BUILT TO TOWN

You've all heard of a road being moved to a town but here's a town in the Upper Peninsula that has moved to the road.

Years ago, when McMillan was a thriving lumber town in Luce County, the state highway department constructed a spur to the busy community from M-23. When the lumber mill shut down, all that was left of McMillan was moved four-tenths of a mile up to the main highway.

This all came to light this week with the announcement by State Highway Commissioner Murray D. Van Wagoner that the highway advisory board had authorized the cancellation of the four-tenths mile spur from the trunkline highway system to the old site of the town.

DO YOU WANT TO BECOME GAME WARDEN?

The names of 41 men from all parts of the state have been placed on the eligibility list from which appointments to the position of conservation officer are made to fill vacancies. The 41 eligibles received the highest ratings at the civil-service type examinations held at Lansing, Roscommon and Marquette.

Prizes will be offered and queen bees auctioned off for the benefit of the American Honey Institute.

WILD GEESSE LIKE DOMESTIC FOWLS

Over a year ago a wild goose flew into a barnyard near Havre de Grace, Md., and moved in with the domestic fowls. Just a few days ago a gander from another flock of wild geese came down near the farm, was captured, had its wings clipped and now the pair—goose and gander—seem perfectly contented.

LIGHTNING RIPS OFF SHINGLES

The roof of the Geo. W. Atkinson house on Hutchins lake road, near Fennville, was struck by lightning during the heavy storm of Wednesday night, the shingles being ripped off for about four feet. The damage was small. A large willow tree on US-31 was blown across the roadway by the high wind.

The Common Council met in regular session and was called to order by the Mayor.
Present: Mayor Geerlings, Alds. Prins, Kleis, Drinkwater, Kalkman, Oudemool, Brouwer, Steffens, Damson, Huyser, Bultman, Vogelzang, Smith, and the Clerk.
Devotions led by Mayor Geerlings.
Minutes of the last meeting read and approved.
Petitions and Accounts
Clerk presented several applications for Building permits.
Granted, subject to approval of City Engineer and Fire Chief.
Clerk presented applications for licenses to sell soft drinks from the Pure Oil Service Station, Marine Cawae and Tony Doseman.
Granted.
Clerk presented application and bond of John H. Oosting for license to construct sidewalks.
Bond approved and license granted.
Clerk presented application signed by Henry Garvelink for permission to connect his premises at 518 Michigan Ave. with the sewer under the C. S. Ord.
Granted.
Clerk presented petition from residents and property owners living on W. 17th St. between River and Washington Aves., requesting the Council NOT to re-route trucks over this street.
Referred to the Street Committee.
Clerk presented comm. from Ben Brower, Chairman of Park Board, requesting that a committee from the Council meet with the Board to consider ways and means to overcome the difficulty that is being experienced with the sprinkling system at Kollen Park since dredging operations were carried on in the locality of the intake pipe.
Referred to Ways and Means Committee.
Clerk presented communication from C. H. Peterson, City Manager of Muskegon, inviting the Mayor and Council to take part in the dedication of the new Water Filtration and Sewage Treatment Plants in Muskegon on July 30th.
Accepted.
Clerk presented communication from R. L. Cook, Mayor of Grand Haven, inviting the Mayor and City officials to join with them in celebrating a U. S. Coast Guard Water Festival, which is to be held in Grand Haven on Aug. 3, 4 and 5. Mayor Cook especially requests that the Mayor and as many officials as possible be present on Thursday, Aug. 4th, since this is the big day of the Celebration.
Accepted.
Clerk presented a communication from the Great Lakes St. Lawrence Tidewater Assn. requesting the City of Holland to send a representation to their meeting to be held in St. Joseph on Aug. 6th. The communication states that this meeting will be of special interest for all port cities and urgently requests representation. In this connection, Ald. Prins stated that the Harbor Board had also received one of these invitations and it was their intention to have a representation at this meeting.
Referred to the Chamber of Commerce and the Harbor Board.

Reports of Special Committees
Mayor Geerlings called attention of the Council to the Netherlands Museum which has been in operation in the old Peoples State Bank Building on E. 8th St. Mayor stated that this Exhibit has been open to the public since just before the Tulip-Time Festival and that a considerable number of people are taking advantage of it. However, due to the expense in connection with the paying of rent, etc., additional funds will be required if they are to continue to remain open. Mayor reported that the School Board had appropriated \$100.00 for this purpose and recommended that the Council appropriate an additional \$150.00 as to carry on this Exhibit until at least through the next couple of months.
Adopted.
Mr. Walter Freestone appeared before the Council in the interest of securing additional playgrounds and playground equipment for the smaller children. It was the contention of Mr. Freestone that Kollen Park should be more adequately equipped as a playground for children. He also recommended that some action be taken so as to make Kollen Park suitable for small picnics since there is no place in the City where picnics can be held. It was suggested by Ald. Brouwer that the matter be referred to the Playground Commission for study. Ald. Damson, however, chairman of the Playground Committee, stated that they received an appropriation of \$500.00 from the City and \$500.00 from the Schools to carry out the summer activities and that this amount is not sufficient to do any extra work. Mr. Damson stated that instead of \$1000.00, the Playground Commission should have \$5000.00 to expend for playground activities.
Ald. Brouwer also spoke and concurred with the sentiments expressed by Mr. Freestone, and Mr. Damson and felt that something should be done at once.
Ald. Prins stated that the School Board should be open for the children, the same as they were a few years ago. Mayor Geerlings also approved of the opening of the School playgrounds providing they are properly supervised. The Mayor stated that it is not safe to allow the children to go out and play on the swings and other equipment without proper supervision since they are liable to have serious accidents such as breaking an arm and perhaps other injuries. After a considerable amount of discussion of this matter.
It was moved by Ald. Brower, 2nd by Damson, that the Council provide an additional \$500.00 to carry on the Playground activities during the balance of the summer period. It was stated that this money could be used for securing additional supervision and for such other purposes as the Playground Commission may determine.
Adopted.

Communications from Boards and City Officers
Claims approved by the Hospital Board in the sum of \$1077.70; Library Board \$202.91; Park and Cemetery Board, \$1259.24; Police and Fire Board, \$2885.23; Board of Public Works, \$24,556.96, were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.)
Adopted.
Board of Public Works reported the collection of \$297.74; City Treasurer, \$4,377.78; for miscellaneous items, and \$48,211.21, summer tax collections.

might be assigned them by the Fire Chief. Committee reported that in amending this Rule, they had left out the number of hours required but had left this to the discretion of the Chief of the Fire Dept. Ald. Prins objected to any provision in the Rules which would give the Chief authority to require these drivers to put in any time when they were off duty. Both Aldermen Bultman and Steffens of the Ways and Means Committee stated that as explained to them by the Chief, one of the principal reasons for such a rule was so that the firemen might become better acquainted with conditions around the stores and factories so that when they are called to a fire, they will have more intimate knowledge of the conditions surrounding that particular building; The Aldermen also stated that Chief Blom had assured them that the amount of time required would not equal 8 hours per week but in many cases this inspection work could be done in one or two hours.
Ald. Brouwer also spoke against the Rule which would require the men to put in any time for inspection work during their off-time period. After considerable discussion on the matter,
It was moved by Ald. Steffens, 2nd by Oudemool,
That the report of the Ways and Means Committee be adopted.
Ald. Prins, however, offered a substitute motion that the firemen be excluded from doing any inspection work but that Chief Blom be required to do all inspecting. The substitute motion of Ald. Prins prevailed by Ayes and Nays as follows:
Ayes: Alds. Prins, Kleis, Drinkwater, Kalkman, Brouwer, Damson, Vogelzang, Smith—8.
Nays: Alds. Oudemool, Steffens, Huyser and Bultman—1.
Committee on Ways and Means reported having received an offer of \$658.00 for the City-owned house at 270 Lincoln Ave. and recommended that the property be sold and a date for hearing set for Wed. Aug. 18, 1937, at the regular Council meeting.
Adopted unanimously.
Street Committee reported progress on the matter of paving 6th Street.
Claims and Accounts Committee reported claims in the amount of \$28,826.88.
Allowed.
Committee on Public Buildings reported for information of the Council that the Library at the City Hall had been decorated. Com. further reported that the new light fixtures have just arrived and that they would be installed shortly.
Ordinance Committee reported progress on the matter referred to them relative to amending the Gasoline Pump Ordinance so as to remove the inspection fee now required.

Motions and Resolutions
Ald. Frank Smith reported that considerable difficulty is being experienced during the Band concerts at Kollen Park. Mr. Smith stated that cars driving in and out of the Park and the children playing about during the concerts make so much noise that the people who come to the Park to listen to the music are becoming very much disgusted. Mr. Smith contended that more police officers are needed during the band concerts. It was stated that there are a couple of police on duty now but these are required to handle the traffic which is very heavy on these evenings. It was suggested that perhaps some arrangements could be made to close the park to automobiles during the period of the concert and also to request the police Board for additional police supervision to control the noisy children.
After some discussion on the matter,
It was moved by Ald. Prins, 2nd by Smith,
That the matter be referred to the Police Department requesting them to furnish additional policing during these band concerts.
Ald. Huyser stated that he had received complaints from people living in the neighborhood of the 5th Ward voting booth on 19th and College Ave. Mr. Huyser stated that the grounds have been permitted to grow up to weeds and are very unsightly. Ald. Prins suggested that this ground be put under the supervision of the Park Board since they have the equipment to take care of it.
It was so ordered.
Ald. Kalkman again brought up the matter relative to making a thorough street of 8th St. west of River Ave. Mr. Kalkman stated that there had been another recent accident at the corner of Pine and 8th St. and contended that if 8th St. were a thru-street so that every one entering it would have to stop, that these accidents would be avoided.
Referred to Police Board with recommendation that West 8th St. be made a thru-street.
Adopted.
Adjourned.
